Applicaition

The Uni-P Pro 120X dehumidifier is able to extract 120 pints of water at a standard rating condition of 80ºF/60%RH in a space, not more than 3,300 sq.ft.

This unit will only use up 8.3amps/115V while controlling the humidity levels. it is built with high capacity, high energy use efficiency and is environmentally friendly.

The Uni-P Pro 120X dehumidifier is built for use in a mid-size commercial set up, however since it is built small and compact,

this unit can be easily moved into any space that requires dehumidification using already fitted heavy duty carrier handles.

This design also allows the unit to easily hang overhead.

The Uni-P Pro 120X dehumidifier is one of most purchased commercial space dehumidifiers for its quiet operation abilities. This unit will produce sounds below 60DBA, hence your workplace will remain comfortable for you, your employees and most importantly your customers.
